PROPERTY TAX COLLECTIONS—2012

TABLES 1 - 6

Collections data are obtained from county treasurers for all taxing districts imposing an ad valorem property tax, either authorized by statute or approved by voters. Special benefit assessments levied on other than an ad valorem basis are not included.

PROPERTY TAXES DUE IN 2012 (TABLES 1 AND 2)

Property taxes levied in 2011 and due in 2012 were \$9,457 million, increasing \$155 million, or 1.7 percent, from the amount due in 2011. Collections of taxes due in 2012 totaled \$9,235 million, increasing \$173 million, or 1.9 percent, from 2011. The collection response rate was 97.4 percent in 2011 and increased to 97.7 percent in 2012.

During the year, tax roll cancellations (transfer to exempt status, correction of errors, destroyed property, and uncollectible accounts) exceeded tax roll additions (omitted property, property removed from exempt status, and new structures not previously on the rolls) by \$6.0 million. The resulting year-end unpaid balance was \$216 million, down about \$8.0 million from 2011. This amount equaled 2.3 percent of the 2012 tax roll.

Garfield County led all counties last year with a 99.2 percent collection response. Columbia County followed with a 98.6 percent collection response. All together, 33 counties reported collection rates of 95 percent or above, leaving six counties collecting less than 95 percent. The lowest rate of collection was 89.3 percent.

DELINQUENT PROPERTY TAXES (TABLES 3 AND 4)

Delinquent taxes (taxes on the rolls prior to the 2012 tax year) were \$385 million. Of this amount, plus additions, \$214 million was collected during the year. The statewide response rate was 55.6 percent.

Thirty-two counties had a 50 percent or better collection rate in 2012 which is an increase of three counties compared to 2011. For 2012, six counties had delinquent collection rates of 60 percent or greater which is down from nine counties in 2011.

CURRENT AND DELINQUENT PROPERTY TAXES (TABLES 5 AND 6)

The combined amount of current and delinquent taxes due in 2012 for all 39 counties was \$9,842 million. Collections totaled \$9,449 million, 96.0 percent of the total due. At the end of 2012, delinquent taxes were \$367.9 million, down \$17.2 million, a decrease of 4.5 percent from 2011. Although the collection of current taxes was 96.0 percent (as noted above), the collection rate was 99.9 percent of current rolls, taking into account both current and delinquent taxes.

2013 Property Tax Legislation

2SHB 1416 Relating to the financing of irrigation district improvements (Chapter 177, Laws of 2013)

This bill changes various provisions governing local improvement districts created by irrigation districts. One provision of this bill eliminates an exemption from special benefit assessments levied by irrigation districts, or local improvement districts, created by irrigation districts for land classified as farm and agricultural land or timber land.

2SHB 1416 is effective July 28, 2013.

EHB 1421 Relating to protecting the state's interest in collecting deferred property taxes (Chapter 221, Laws of 2013)

This bill was requested by the Department of Revenue to improve the Department's ability to collect deferred property taxes. The bill:

- Directs the disposition of proceeds from a county's sale of tax title property (property acquired at a property tax foreclosure sale). After reimbursements to the county costs of foreclosure and sale, the proceeds are applied first to outstanding deferred property taxes, next to discharge remaining general tax liens and then to the taxing authorities statutorily entitled to share in the remaining sale proceeds.
- Allows the Department to charge off as uncollectible any deferred taxes if the Department is satisfied that there are no cost-effective means of collecting the amount due.

EHB 1421 is effective July 28, 2013.

ESHB 1432 Relating to county property tax levies (Chapter 123, Laws of 2013)

This bill:

- Provides an alternative method to determine levy amounts for the Veterans' Assistance Fund and Developmental Disability and Mental Health levies. County legislative authorities may increase or decrease such levies by the same percentage increase or decrease in the certified county general levy from the prior year instead of levying the statutory rates.
- Allows counties to increase the levy amounts for the Veterans' Assistance or Developmental Disability and Mental Health levies more than the percentage change in the county general levy.
- Excludes amounts for refund levies and voter-approved lid lifts when counties calculate the percentage increase or decrease in the certified county general levy.

ESHB 1432 is effective July 28, 2013.

**EHB 1493 Relating to the property taxation of mobile homes and park model trailers
(Chapter 198, Laws of 2013)**

The bill:

- Provides that a manufactured or mobile home park landlord taking ownership of a manufactured or mobile home (premises) through abandonment or foreclosure proceedings, with the intent to resell or rent the same, becomes responsible for all outstanding property taxes, interest, and penalties on the premises if:
- the most recent assessed value of the premises is less than \$8,000; and
- The landlord submits a signed affidavit to the county assessor indicating that the landlord has taken ownership of the premises with the intent to resell or rent after:
 - The premises was abandoned, or
 - Title to the premises was lawfully transferred to the landlord after a final judgment of restitution.

EHB 1493 is effective July 28, 2013.

**HB 1576 Relating to creating greater efficiency in the offices of county assessors by allowing notification via electronic means
(Chapter 131, Laws of 2013)**

This bill allows county assessors to send assessments, notices, and any other information to persons electronically instead of regular mail if:

- The taxpayer authorizes the electronic means; and
- The assessor uses reasonable methods to protect confidential information, unless the taxpayer waives this requirement.

HB 1576 is effective July 28, 2013.

**E2SSB 5078 Relating to modifying the property tax exemption for nonprofit fairs
(Chapter 212, Laws of 2013)**

This bill:

- Clarifies that the existing property tax exemption is allowed for a nonprofit fair association that are eligible to receive support from the fair fund.
- Establishes a new exemption for the property of certain nonprofit fair associations used for fair purposes if the majority of the property was purchased or acquired from a city or county between 1995 and 1998.
- Limits both the current and new exemptions to nonprofit fair associations with real and personal property having an assessed value not exceeding \$15 million. This new limitation precludes the Washington State Fair from receiving a property tax exemption after the effective date of the bill.

E2SSB 5078 is effective July 28, 2013.

**SSB 5444 Relating to administration of taxes regarding publicly owned property
(Chapter 235, Laws of 2013)**

This bill:

- Eliminates the requirement that county assessors annually value tax-exempt government properties;
- Requires county assessors to value and list previously tax-exempt government property beginning January 1 of the year in which the tax exempt status changes; and
- Eliminates the leasehold excise tax credit for amounts that are in excess of the amount of property tax that would have applied if the lessee or sub-lessee owned the property.

SSB 5444 is effective July 28, 2013.

**SB 5593 Relating to filing requirements for property tax exemption claims for certain improvements to benefit fish and wildlife habitat, water quality, or water quantity
(Chapter 236, Laws of 2013)**

This bill requires landowners to claim the property tax exemption for habitat improvements by October 31 for taxes due during the following year. When renewing the exemption for subsequent years, the landowner must provide a copy of the conservation district's initial certification and the landowner's own current year certification.

SB 5593 is effective July 28, 2013.

**SSB 5705 Relating to amounts received by taxing districts from property refunds and abatements
(Chapter 239, Laws of 2013)**

This bill:

- Allows taxing districts to levy taxes to recoup cancelled taxes, offset by any amounts received for supplemental taxes such as those paid after property is removed from the current use or designated forest land programs. The constitutional one percent limit, the statutory dollar rate limit, and the aggregate dollar rate limit apply to the refund fund levy.
- Allows county treasurers to authorize partial payment agreements on past due property taxes, which must include payment of the oldest delinquent tax year, including penalties and interest, within a 12-month period.
- Prohibits county treasurers from assessing additional penalties on delinquent taxes if the taxpayer is successfully participating in a payment agreement for the delinquent taxes.
- Authorizes county treasurers to assess specifically identifiable costs incurred in trying to keep property out of foreclosure ("tax foreclosure avoidance costs,") before filing a certificate of delinquency to initiate the foreclosure process.
- Authorizes county treasurers to impose a delinquent collection charge for costs incurred by the treasurer in collecting past due personal property taxes.

SSB 5705 is effective July 28, 2013.

1998 – The value averaging portion of Referendum 47 is ruled unconstitutional by the Washington State Supreme Court. Senior exemption eligibility and benefits were liberalized.

2000 – I-722 passed in November mandating a rollback of assessed values to January 1, 1999, levels and limiting future increases of taxable value to 2% per year. The initiative was not implemented because the Washington State Supreme Court unanimously ruled it unconstitutional on September 20, 2001.

2001 – I-747 passed in November which restricts taxing districts to a 1% monetary aggregate increase over their prior highest lawful levy. Effective for the 2002 tax year.

2002 – Annexations by petition ruled unconstitutional in March 2002 by the State Supreme Court. The basic method by which cities may annex territory is now by election – by approval of the voters in the area proposed for annexation.

2004 – Senior citizen income limit raised for taxes due in 2005. Exemption is extended to those eligible who are confined in a boarding home or adult family home.

2005 – Several changes occurred to the veterans program. A 10-year special tax exemption is now offered for nightclubs that install sprinkler systems. Fire protection districts can impose up to a total of 25 cents of its property tax levy outside the \$5.90 limit on regular levies if the district's levy would be otherwise prorated.

2006 – Establishment of Regional Fire Protection Service Authorities for participating jurisdictions to provide adequate private ambulance services. A financial plan must contain the property tax and/or benefit charge proposed by a regional fire protection service authority and requires 60 percent voter approval for the tax and benefit charge. Property Tax Deferral Program: The legislation lowered the interest rate on pay back of taxes from 8% to 5% when senior citizens, retired persons, and veterans with 100% service connected disability with disposable incomes of \$40,000 or less have deferred property taxes and special benefit assessments imposed on their residence. The reduced rate will apply to taxes and special assessments after January 1, 2007. Personal Property Head of Family Household Tax Exemption: Amendment of the Washington State Constitution to change the exemption from \$3,000 to \$15,000 for a head of family who owns, operates, and is a sole proprietor of a business that meets certain qualifications effective January 1, 2007. Property Tax Exemption for Reasons of Disability: Increases the one-acre limitation on residence size up to five acres if the larger parcel size is what is required by local zoning for the Senior Citizen and Disabled Person Exemption Program and the Widows/Widowers of Veterans Property Tax Assistance Program. Local Infrastructure Financing Tool (LIFT) was created to promote community and economic development by revenue allocation of local excise tax and local property tax (use of new construction dollars). LIFT is effective July 1, 2006, and expires June 30, 2039.

2007 – Forest fire protection flat fee assessment was increased from \$14.50 to \$17.50 per parcel, and the assessment on excess acreage increased from 25 cents to 27 cents on each acre exceeding 50 acres. All taxing districts are now allowed to impose a lid lift allowing the levy to exceed the 101% limitations in each of up to six consecutive years. The legislation extended the authority to all taxing districts, not just counties, cities, and towns that have had the ability to exceed that limit since 2003. Taxing district boundaries: The date to establish taxing district boundaries is changed from March 1 to August 1 of the year in which the property tax levy is made. New provisions have been established related to the disposition of taxes levied on property within fire or library districts that have been annexed to a city or town. Also, new city or town notification requirements pertaining to annexation of property within a fire or library district are established. School District Capital Project Funds for Technology: School districts are allowed to impose 2-year levies to fund costs associated with the application and modernization of technology systems. These levies are in addition to other maintenance and operation levies imposed by the school district and are not subject to the limitation found in RCW 84.52.053.

2007 – During a special session in November, the maximum 1% levy increase over the prior year's highest lawful levy (first seen as I-747, 2001) was reinstated.

2008 – RCW 84.55.05 – Levy lid lifts. Makes single year and multiple year lid lifts temporary unless the ballot proposition approved by voters makes them permanent. After the lid lift ends, subsequent levies will be computed as if the lid lift had never occurred and the district had levied at the maximum rates allowed, unless the ballot proposition states otherwise.

2008 - RCW 84.09.030 requires newly incorporated port districts and regional fire protection service authority districts to have their boundaries established by October 1st if their boundaries are coterminous with the boundaries of another taxing district or districts as they existed the first day of August. If the boundaries for the newly incorporated port district and regional fire protection service authority district are not coterminous with another taxing district, then the boundaries must be established by August 1.

2008 - RCW 17.29.253 requires mosquito districts to have their boundaries established by September 1st. SB6950, Section 510 gives the county treasurers authority to grant an extension for the due dates of any property tax payable under RCW 94.56.020, for taxes extended upon the tax rolls of the county, when a state of emergency has been declared by the governor. E2SHB 3186 authorizes the creation of beach management districts that are similar to lake management districts. Beach management districts may be created by a county, city, or town for the purpose of controlling and removing aquatic plants or vegetation. HB 1149 removed the requirement for an advance tax to be paid prior to the recording of a binding site plan with the county auditor.

2009 – Property tax resulting from levy lid lifts can be used to supplant existing funds beginning with levies

submitted/approved by voters after July 26, 2009 in counties with a population of less than 1.5 million. In counties with a population of 1.5 million or more, property tax levy lid lift funds can be used to supplant existing funds for levies approved by the voters after July 26, 2009 and through 2011.

2009 – The statutory maximum rate of county ferry districts was changed from \$0.75 to \$0.075 per thousand dollars of assessed value in counties with a population of 1.5 million or more. A new transit levy was created in counties with a population of 1.5 million or more to expand transit capacity along State Route 520 and other transit-related purposes. The levy is subject to the levy limit in RCW 84.55.010 after the first tax levy has been imposed and is subject to the constitutional one percent limit and excluded from the \$5.90 levy limitation.

2010 – A new community facility district may be formed to provide voluntary financing for community facilities and local, sub regional and regional infrastructure. The board of supervisors of such district may impose a special assessment on the property.

2010 - Regional Transit Authority (RTA) – when an area outside of the RTA is annexed to a city or code city located within the boundaries of an RTA, the annexed area is simultaneously included within the boundaries of the RTA. Annexation indebtedness – all property located within the boundaries of a city, partial city, or town annexing into a fire protection district and which is subject to the excess levy by the city or town for the repayment of debt incurred for fire protection related capital improvements that was incurred prior to the annexation is exempt from voter approved property taxes levied by the annexing fire protection district for the repayment of indebtedness issued prior to the effective date of the annexation.

2010 - Fire protection districts may be authorized in areas both inside and outside of cities and towns. Also a city or town adjacent to a fire district may be annexed into such a fire district provided the population of the city or town does not exceed 300,000.

2010 - School districts may return to voters after they have received voter approval for an M&O levy requesting additional levy authority if the district's levy base or maximum levy percentage has increased since the initial levy. This law allows a school district to have multiple M&O levies at one time.

2011 - A property owner has the right to appeal their property valuation even though the value did not change if the property was within a revaluation area and the taxpayer was not sent a notice of value change. The measure provides that a county board of equalization must waive the appeal deadline, if a request is filed within a reasonable time after the appeal deadline, if the taxpayer's property was in the current revaluation area, the property value did not change, the taxpayer

was not sent a notice, and the taxpayer did not file an appeal prior to July 1 of the assessment year. The bill will take effect July 22, 2011, and will apply to property taxes levied for collection in 2012 and thereafter.

2011 - A process has been provided for a fire protection jurisdiction to annex into an adjacent regional fire protection service authority. The annexation must be approved by a simple majority vote of the voters in the fire protection jurisdiction. As the regional fire protection service authority sets the property tax levy rate, the levy rate within the fire protection service authority annexed may change. The bill is effective July 22, 2011.

2011 - Protection of the King County flood control zone district from a potential loss of revenue due to proration of its levy should the aggregate local regular levy exceed \$5.90. The district was provided limited protection of the regular property tax levy from proration in a county with a population of 75,000 or more and whose boundaries are coextensive with the county. For those districts, \$0.25 of their regular property tax levy is outside of the \$5.90 limit. The bill changes the process for adjusting levies if the combined levy exceeds the \$5.90 limit for other flood control district levies and junior taxing districts. The protected portion of the levy of the flood control district is still within the one percent limit and would be the first levy prorated if the aggregate of all levies exceeds the one percent limit. The unprotected portion of the flood control district levy and levies of other flood control zones would continue to be subject to proration. It is effective July 22, 2011, and applies to property taxes levied for collection in 2012 through 2017. The bill expires January 1, 2018.

2011 - Legislation, for property tax purposes, makes technical changes to clarify the eligibility requirements for veterans with a service connected disability to qualify for the senior citizen and disabled person property tax exemption. Also corrected are requirements for the assessor to notify persons receiving the senior exemption from four to six years to coincide with the legislation passed in 2010. Both changes go into effect on July 22, 2011.

2011 - Legislation has been provided for qualifying cities within King, Pierce, and Snohomish Counties with a tax increment financing program to fund infrastructure improvements. To qualify, cities must participate in a transfer of development rights program and meet certain requirements. A portion of incremental increases in regular property tax revenue of a sponsoring city and the county in which the city resides as a result of new construction in a specified area are used by the sponsoring city to fund the local public infrastructure projects in that same area. Taxing districts other than the cities and counties are not impacted. The bill also provides for the transfer of development rights from rural land to cities to be used within the infrastructure project area.

2011 - A bill to allow families to farm or grow and harvest trees on contiguous properties as a single operation and have the land value based on current use rather than market value was passed by the Legislature. The bill expands the definition of “same ownership” to include parcels owned by different people that are managed as a single operation and owned by: (1) Members of the same family, as defined in the bill; (2) legal entities wholly owned by members of the same family; or (3) An individual who owns at least one of the parcels and/or a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual, members of his or her family, or that individual and members of his or her family. The bill adds the definition of “contiguous” to the designated forest land program. The bill is effective July 22, 2011.

2011 - A bill to clarify that the City of Milton or any fire district or other qualified district that includes the City of Milton can impose an emergency medical service levy of 50 cents throughout the city despite the city being located in both King and Pierce Counties was passed by the legislature. Additionally, the bill is intended to ensure that the owners of property in the King County portion of the City of Milton will not have to pay for two EMS levies that could result from the layering of the King County EMS levy and a City of Milton (or fire district) levy. The bill provides that, for purposes of imposing a medical emergency property tax levy, the boundary of a county with a population greater than 1,500,000 does not include the area located within a city that has a boundary in two counties. The locally assessed value of all the property in the area of the city within the county with a population greater than 1,500,000 must be less than \$250,000,000.

TABLES 7 - 29

AT A GLANCE

Statewide property tax levies due in 2013 grew by 2.3 percent, compared to 1.6 percent last year, to \$9,509 million, according to data provided by county assessors. Values dropped by 3.3 percent, compared to the 3.8 percent drop last year. Rates rose for the fourth year in a row to a statewide average of \$12.48 per \$1,000 in 2013. Until 2010, rates had been falling each year from a high of \$13.93 per \$1,000 in 1997.

SCHOOLS

School levies, the major component of all levies collected, maintained existing levels of financing in 2013 with 3.3 percent growth. The school levy share of all levies rose slightly from 55.3 percent in 2012 to 55.9 percent in 2013. The state levy totaled \$1,936 million, increasing 1.8 percent from 2012, while local levies were \$3,377 million, a 4.1 percent increase from 2012. In 2013, the state property tax levy represented 36.4 percent of the total school levies, while local voter-approved excess levies (maintenance and operation, capital projects, transportation vehicle and bonds) comprised 63.6 percent.

COUNTIES

Counties expanded their regular and special levies 3.0 percent, up from the 1.2 percent change between 2011 and 2012. County levies, including county general, road levies and special levies, amounted to \$1,542 million. County levies represented 16.2 percent of all property tax levies in 2013.

CITIES AND TOWNS

Cities and towns showed an increase over 2012 levies of 1.2 percent to \$1,260 million. Cities and towns have maintained at least an 11 percent share of all property tax levies since 1980 (13.2 percent in 2013 as compared to a 13.4 percent share in 2012).

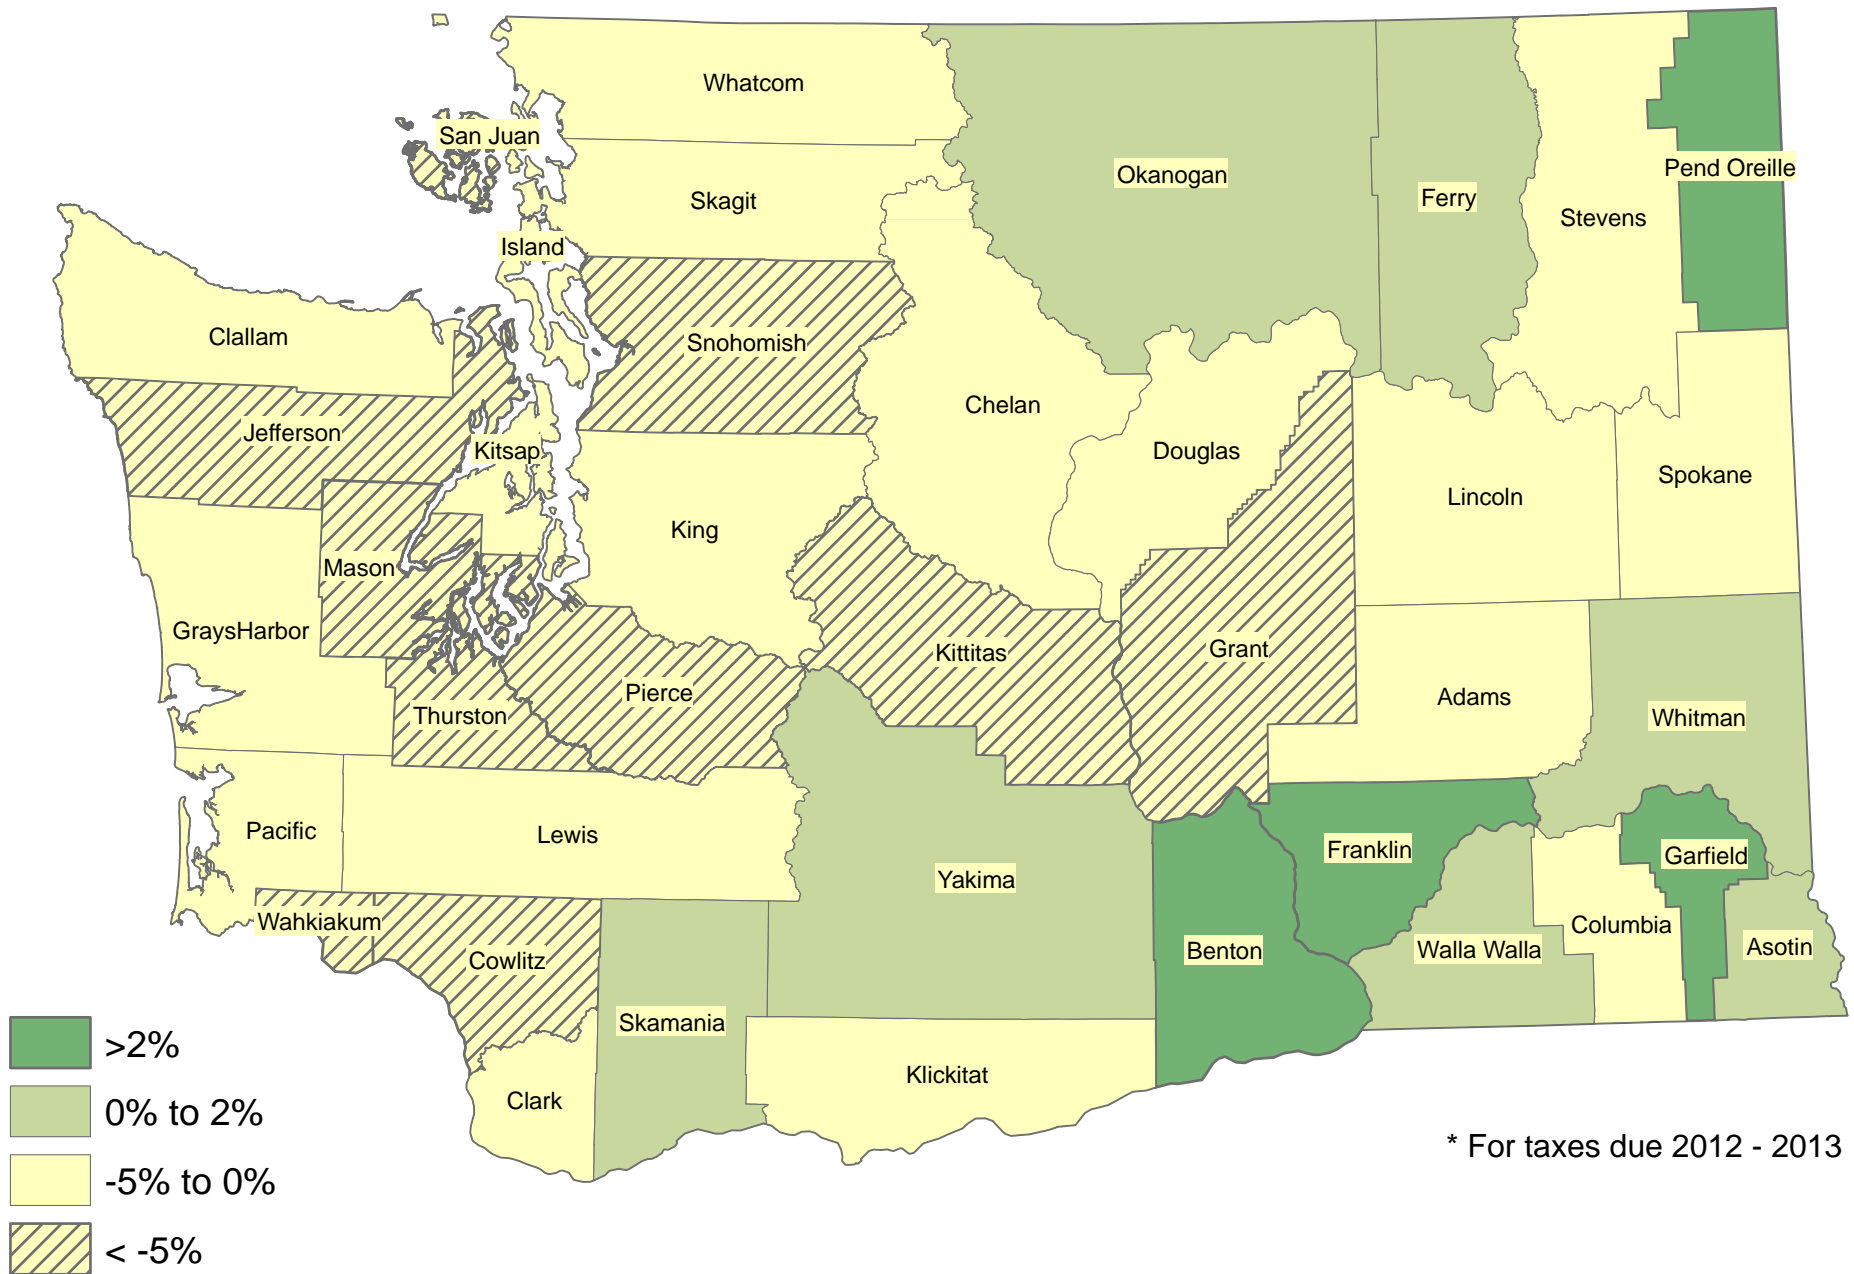

JUNIOR TAXING DISTRICTS

Junior taxing district levies amounted to \$1,394 million, a 1.3 percent decrease. The share of all levies devoted to junior taxing districts dropped in 2013 to 14.7 percent compared to 2012 at 15.2 percent.

A more detailed picture is provided in the following tables. Tables 7 through 13 summarize and provide history on levies; Tables 14 through 16 give detailed valuation data; Tables 17 through 24 show assessed valuations of different types of taxable property; Table 25 details the computation of the 2012 state property tax levy; Table 26 is a comparison of 2012 and 2013 assessment ratios; Tables 27 through 29 provide a basis of comparing levy rates. SENIOR CITIZEN PROPERTY TAX RELIEF

The property tax exemption for senior citizens, enacted in its original form by constitutional amendment in 1967, provides tax relief for homeowners who qualify on the basis of age or disability and disposable income. In 2013, the program provided \$155 million in relief for 112,700 participants.

To be eligible for tax relief in 2013, a homeowner must be 61 in the year the claim is filed or retired by reason of physical disability. Tax relief is provided in the following increments:

- full exemption from excess property taxes, along with a freeze on assessed valuation on January 1 of the initial application year, for households with a combined disposable income of \$35,000 or less;
- exemption from all regular property taxes on the greater of \$50,000 or 35 percent of the value of the residence, not to exceed \$70,000 if income is between \$25,001 and \$30,000; or
- exemption from all regular property taxes on the greater of \$60,000 or 60 percent of the value of the residence if income is \$25,000 or less.

CURRENT USE ASSESSMENTS

Certain agricultural, timber, and open space lands are valued at their current use rather than market value. For taxes due in 2013, this difference in valuation resulted in an estimated \$14.35 million in tax losses and \$93.14 million in shifts to other taxpayers.

To receive reduced assessment, farm and agricultural land and timber land must meet acreage and/or gross income requirements. There are no income or acreage requirements for open space lands. Local five-person advisory boards help assessors determine current use value. They take into consideration lease contracts or productive capacity. Each year assessors estimate a true and fair value separate from the current use value. In the event land is voluntarily removed from current use status, the property owner is liable for a maximum of seven years of compensating taxes based on the difference between current use and fair market value estimates, plus interest and penalties.

To qualify for current use, farm and agricultural land must be:

- 20 or more acres in agricultural use;
- five or more acres, but less than 20, with annual income from agricultural uses of \$200 or more per acre for three out of five years; or
- less than five acres with annual income from agricultural use of \$1,500 or more for three out of five years.

To be eligible for current use classification, timber land must be five or more acres (land only) devoted primarily to the growth and harvest of forest crops. Open space land must be areas set aside to protect, preserve, enhance, promote, and retain such lands. Of the acreage reported for 2013 in the current use program, 96.9 percent is in the farm and agricultural land category as opposed to timber or open space.
