Publication Changes

The Department of Revenue has eliminated duplicate tables in Property Tax Statistics and Tax Statistics. Prior to 2002, Abstract of Assessed Value data can be found in Tax Statistics. This modification allows us to complete Tax Statistics earlier each year and add more information to the Property Tax Statistics report. The levy detail tables can be found on the Department of Revenue's Internet site (<http://dor.wa.gov>) at the bottom of the Table of Contents page. Since 2006, Property Tax Statistics is only available online.

Property Tax Statistics can only be found on the Internet in the "Get Statistics & Reports" link. The Internet address is:

PROPERTY TAX COLLECTIONS--2006

TABLES 1 - 6

Collections data are obtained from county treasurers for all taxing districts imposing an ad valorem property tax, either authorized by statute or approved by voters. Special benefit assessments levied on other than an ad valorem basis are not included.

PROPERTY TAXES DUE IN 2006 (TABLES 1 AND 2)

Property taxes levied in 2005 and due in 2006 were \$7,306.0 million, increasing \$419.0 million, or 6.1 percent, from the amount due in 2005. Collections of taxes due in 2006 totaled \$7,136.4 million, increasing \$368.8 million, or 5.4 percent, from 2005. The collection response rate in 2006 of 97.7 percent was down from the 98.3 percent rate in 2005.

During the year, tax roll cancellations (transfer to exempt status, correction of errors, destroyed property, and uncollectible accounts) exceeded tax roll additions (omitted property, property removed from exempt status, and new structures not previously on the rolls) by \$2.7 million. The resulting year-end unpaid balance was \$166.9 million, up about \$4.1 million from 2005. This amount equaled 2.3 percent of the 2006 tax roll.

Kittitas County led all counties last year with a 99.3 percent collection response. Garfield and Jefferson Counties followed with 99.1 percent. All together, 37 counties reported collection rates of 95 percent or above, leaving two counties collecting less than 95 percent.

DELINQUENT PROPERTY TAXES (TABLES 3 AND 4)

Delinquent taxes (taxes on the rolls previous to the 2006 tax year) were \$260.2 million. Of this amount, plus additions, \$165.7 million was collected during the year. The statewide response rate is 63.7 percent.

Thirty-five counties had a 50 percent or better collection rate in 2006 which is the same number of counties as in 2005. For 2006, 27 counties had delinquent collection rates of 60 percent or greater which is up from 21 counties in 2005.

CURRENT AND DELINQUENT PROPERTY TAXES (TABLES 5 AND 6)

The combined amount of current and delinquent taxes due in 2006 for all 39 counties was \$7,566.2 million. Collections totaled \$7,302.2 million, 96.5 percent of the total due. At the end of 2006, delinquent taxes were \$252.3 million, down \$17.4 million, a decrease of 6.4 percent from 2005. Although the collection of current taxes was 97.7 percent (as noted above), the collection rate was 99.9 percent of current roll, taking into account both current and delinquent taxes.

2007 PROPERTY TAX LEGISLATION

Bills became effective July 22, 2007, unless otherwise stated.

HB 1166 - County Treasurer's administration provisions (Chapter 295, Laws of 2007)

This is a County Treasurer's bill which makes several administrative changes. There is no direct impact on state or local revenues associated with this bill.

2SHB 1277 - Expansion of the LIFT program (Chapter 229, Laws of 2007)

In 2006, the Legislature adopted a new program designed to encourage private investment in community revitalization areas. Within certain limitations, various local revenues are matched by the state. This year, the local infrastructure financing tool (LIFT) was expanded. The definition of "property tax allocation revenue value" was clarified and "real property," for LIFT purposes, is defined to include privately owned property on publicly owned land. The cap on the state contributions was increased from \$5 million to \$7.5 million per year. The application process through the Community Economic Revitalization Board (CERB) was extended from 2007 to 2008.

2SHB 1280 - New school district technology levies (Chapter 129, Laws of 2007)

This bill allows school districts to impose two to six-year levies to fund costs associated with the application and modernization of technology systems. These levies are in addition to other maintenance and operation levies imposed by a school district and are not subject to limitation by RCW 84.52.053.

SHB 1381 - Property tax statutes technical correction (Chapter 54, Laws of 2007)

This Department of Revenue request legislation contains a variety of amendments to excise and property tax statutes to reflect administrative practice, reconcile conflicting previous amendments, delete obsolete references, and provide greater clarity of the application of tax laws. The bill is consistent with Department practice. Accordingly, there is no revenue impact. SHB 1381 is generally effective July 22, 2007.

EHB 1450 - Valuation of low-income rental housing (Chapter 301, Laws of 2007)

A property tax exemption for low-income rental housing was adopted in 1999. This legislation specifies that assessors should consider restrictions on rental income, appreciation, and liquidity as contained in agreements between owners of rental property and government agencies when determining the value of the property.

2SHB 1811 - Property tax exemption for nightclub sprinkler systems (Chapter 434, Laws of 2007)

This legislation amends the exemption provisions for automatic sprinkler systems installed in nightclubs. Leasehold improvements have been typically taxable as personal property of the lessee and are now exempt. There is no impact on state revenues and, at most, minimal shifts of property taxes to taxable property would occur. The impact on local taxing districts is minimal. The Governor vetoed the emergency clause, so the bill is effective July 22, 2007.

E2SHB 1910 - Property exemption for multi-family housing (Chapter 430, Laws of 2007)

This bill amends statutes throughout Chapter 84.14 RCW. The property tax exemption for eligible new, rehabilitated, or converted multi-unit housing facilities within residential targeted areas in urban centers. The focus of many of the revisions relate to affordable housing for low-income families. The exemption is limited to eight years, unless 20 percent of the residential units are rented to low or moderate income families. If so, the exemption is extended to 12 years. More cities are eligible due to a decrease in size requirement and other growth management stipulations.

E2SHB 2164 - Property exemption for multi-family housing (Chapter 185, Laws of 2007)

This legislation prohibits any multi-family exemption applications to be submitted in the area defined by the University of Washington - Tacoma branch campus footprint. This bill is effective July 1, 2007, and is necessary to allow for future growth of the campus.

EHJR 4204 - Constitutional amendment

This constitutional amendment eliminates the super-majority approval and validation requirement for school district maintenance and operation levies. The amendment must be approved and ratified by a majority of voters in the fall 2007 general election to become law.

SSB 5231 - Water-sewer property annexations (Chapter 31, Laws of 2007)

This legislation creates a procedure for a water-sewer district to annex territory within a city following the district's acquisition of water and/or sewer facilities located within the city.

SB 5463 - Forest fire protection assessments (Chapter 110, Laws of 2007)

This bill modifies forest fire protection assessments. The fee is increased from \$14.50 to \$17.50 per parcel, and the assessment on excess acreage is increased from 25 cents to 27 cents on each acre exceeding 50 acres.

SB 5468 - Property tax statute changes (Chapter 111, Laws of 2007)

This Department of Revenue request legislation addresses three different programs administered by the Department. The general purpose is to make working with the Department easier for taxpayers and thereby help to increase voluntary compliance with tax laws. It amends statutes related to nonprofit exemptions, eliminating application and renewal fees, and allows the Department to waive penalties applied to late filing of annual reports of centrally assessed property owners. The only revenue impact associated with this legislation is the loss of the property tax fee revenue. This will reduce state general fund receipts by an estimated \$106,000 for Fiscal Year 2008 and \$111,000 annually thereafter.

ESB 5498 - Lid lifts by all taxing districts allowed to impose lid lifts (Chapter 380, Laws of 2007)

This bill allows all taxing districts to impose a lid lift on the levy that may exceed the 101 percent limitation for up to six consecutive years. Counties, cities, and towns have had this ability since 2003. Funds raised through the lid lift may not supplant existing funds, defined as actual operating expenditures made for specific purposes of the lid lift.

ESSB 5836 - Date change for annexation boundary changes (Chapter 285, Laws of 2007)

This legislation changes the date taxing district boundaries are established from March 1 to August 1 of the year in which the property tax levy is made. It also provides that when territory that is part of a fire or library district is annexed to a city or town, any taxes on annexed property that were levied, but not collected, must be paid to the annexing city or town. If the property annexed by the city or town was in a fire or library district while there was outstanding bonded indebtedness, the bonded indebtedness of the fire or library district remains an obligation of the taxable property annexed to the city or town. Cities or towns annexing fire or library district property must notify the district of the annexation. The bill does not affect state revenues.

SB 5732 - County treasurer tax payment acceptance date change (Chapter 105, Laws of 2007)

This bill allows county treasurers to accept tax payments and issue receipts for the payments once the tax roll is closed for the current year's collection. It eliminates the requirement for the county treasurers to wait until February 15 each year to collect tax payments on real property.

SENIOR CITIZEN PROPERTY TAX RELIEF

The property tax exemption for senior citizens, enacted in its original form by constitutional amendment in 1967, provides tax relief for homeowners who qualify on the basis of age or disability and disposable income. In 2007 38 counties reported that the program provided \$168.4 million in relief for 114,862 participants.

To be eligible for tax relief in 2007, a homeowner must be 61 in the year the claim is filed or retired by reason of physical disability. Tax relief is provided in the following increments:

- full exemption from excess property taxes, along with a freeze on assessed valuation on January 1 of the initial application year, for households with a combined disposable income of \$35,000 or less;
- exemption from all regular property taxes on the greater of \$50,000 or 35 percent of the value of the residence, not to exceed \$70,000 if income is between \$25,001 and \$30,000; or
- exemption from all regular property taxes on the greater of \$60,000 or 60 percent of the value of the residence if income is \$25,000 or less.

CURRENT USE ASSESSMENTS

Certain agricultural, timber, and open space lands are valued at their current use rather than market value. For taxes due in 2007, this difference in valuation resulted in an estimated \$10 million in tax losses and \$98.3 million in shifts to other taxpayers.

To receive reduced assessment, farm and agricultural land and timber land must meet acreage and/or gross income requirements. There are no income or acreage requirements for open space lands. Local five-person advisory boards help assessors determine current use value. They take into consideration lease contracts or productive capacity. Each year assessors estimate a true and fair value separate from the current use value. In the event land is voluntarily removed from current use status, the property owner is liable for a maximum of seven years of compensating taxes based on the difference between current use and fair market value estimates, plus interest and penalties.

To qualify for current use, farm and agricultural land must be:

- 20 or more acres in agricultural use,
- five or more acres, but less than 20, with annual income from agricultural uses of \$200 or more per acre for three out of five years, or
- less than five acres with annual income from agricultural use of \$1,500 or more for three out of five years.

To be eligible for current use classification, timber land must be five or more acres (land only) devoted primarily to the growth and harvest of forest crops. Open space land must be areas set aside to protect, preserve, enhance, promote, and retain such lands. Of the acreage reported for 2006 in the current use program, 98.2 percent is in the farm and agricultural land category as opposed to timber or open space.
