²Counties that levy the tax share receipts with cities. Cities that levy the tax do not share receipts with the counties.

³For the most part counties levy the tax but the receipts are shared with cities. As of Jan 1, 2011, if a county with a population of at least 800,000 had not levied the tax then any city with a population of at least 30,000 within that county could. Currently Tacoma is the only city levying this local sales tax.
